

Transitions MedicalPartners provides coordinated, compassionate, and quality primary care from a highly-trained team of geriatric experts within the comfort of your residence.

OUR SERVICES

We strive to achieve the best quality of life for each individual by delivering personalized care wherever you reside. Services may include:

- Routine primary care visits
- Acute illness visits
- Post-hospitalization and post-skilled nursing facility visits
- Disease management visits
- Care plan oversight
- Dementia assessments
- Medication management and review
- Referrals for specialists, blood draws, and x-rays

We treat and help manage a wide range of chronic, complex conditions, including:

- Dementia, including Alzheimer's disease
- Chronic obstructive pulmonary disease
- Diabetes
- Heart disease, including heart failure and coronary artery disease
- Movement disorders such as Parkinson's disease and ALS
- Recovery after stroke
- Bedsores and chronic wounds

Onsite primary care visits can be scheduled Monday–Friday during regular business hours.

Why Transitions MedicalPartners?

We make it easy for you to get the right care at the right time, in the convenience of your residence.

EXPERTISE in geriatric care

Transitions LifeCare has been in business for more than 40 years, helping families navigate the challenges of caring for their loved one with chronic medical conditions. Our team includes geriatricians, nurse practitioners, nurses, and other health professionals who have training and experience in geriatric medicine. **We personalize your care based on your goals and preferences.**

CARE COORDINATION

We help connect you with the services you may need, such as x-rays, EKGs, or referrals to other specialists through our established relationships within the community. **Our responsive, coordinated care model with our partners helps prevent hospitalizations.**

SAME PROVIDER for routine visits

Whenever possible, the same providers come for your regular visits. We build a close relationship with you and your family so that we are **better able to understand your needs and provide personalized care.**

FACILITY SUPPORT

We deliver onsite care to residents in assisted and independent living facilities, **coordinating with your facility staff to keep you healthy.**
